GP Con / Groß & Partner defends title at this year's Architects' Football Cup

The A/F/C Architects' Football Cup is a small field football tournament for architects, interior designers, planners and all companies involved in construction. In the tournament, 12-16 teams with six players compete against each other. In addition to the sporting challenge, the small team sizes also create an ideal networking platform, encouraging colleagues to exchange ideas.

GP Con / G&P fought hard to defend the title this year and won the final in a penalty shootout.

Thanks to all participants and the organisation team of the A/F/C Architects' Football Cup 2019! It was a lot of fun.
